# TEHNOPOL Association

A structure founded as a tool  
for local economic development and regional promotion.

Our mission is to stimulate the creation, support and coordination of the work of the companies, universities, Research & Development Centres and production centres in this area. This is why we have created SCIENCE AND RESEARCH ON DANUBE CONFERENCE, to bring closer people that together can find the best solutions for our community to develop

We offer assistance and advice with high added value aimed at creating business connections and innovation, national and international cooperation relations, technology or know-how transfers, applications of research and development for innovation in the industry.

This year we signed a Partnership with the **Council of Danube Cities and Regions - CoDCR.** The main purpose of the signed document is to open the Lower Danube Bureau, in Galati, affiliated to the Council of Danube Cities and Regions, in order to meet the objectives of the European Union Strategy for the Danube Region by attracting European funds and implementing projects in the reference region .
